Improving parks and creating more recreation trails were two priorities identified by the Shellsburg steering committee when the town participated in the Community Visioning Program in 2013. The visioning design team developed a plan for a trail in Memorial Park to address this need, with the trail being part of phase one of a three-phase concept plan for the park.

Keep Iowa Beautiful, in conjunction with the Iowa Department of Natural Resources, awarded Shellsburg a \$5,000 grant to complete the project, and the Shellsburg Area Community Group contributed an additional \$1,000. Volunteer labor and equipment made the trail a reality in 2015.
